

THE LETTER C!

LIFE CYCLE OF A BUTTERFLY

This week we will...

We have an exciting week planned. We will be working with the letter 'C'! This week we will review and answer Math, Ela, and Science questions from the book *The Very Hungry Caterpillar*. We will also work on our reading curriculum ELSB1 1.3-1.5.

Monday: We will identify money, dollars and coins, by choosing which coin or dollar we should use to buy items that start with the letter C like cat, car, candles, etc. We will count caterpillars, cakes, and more using 1:1 Correspondence. We will also enjoy music this week.

Tuesday: We will review survival signs, sort laundry, and make a C cat!

Wednesday: We order small, medium, large and work on over/under. We will also identify the letter C and review our ABC's. We have Media today!

Thursday: We plan to sort and identify grocery store items and practice our pre-writing skills. Today we will make paper plate minions for *Mundy's Minions*!

Friday: We are going to review and make our own life cycle of a butterfly!

About Miss. Angie: I graduated from SIUE in 2011 with a degree in Special Education. I have been working at Mary Ford Elementary in the IDSevere room since 2013. Please text, call, or e-mail with questions.
